QRM DE SU PRESIDENTE

Now is the time for all good Radio Club members to VOTE! Yes, it's that time again. We will vote for our new officers at the November club meeting. Besides the vote, we will be having our 2nd annual 'Potpourri Night'. Now, for those of you who don't know what that is, let me explain. Many club members like to tell stories of their favorite radio experience, show off their newly acquired radio equipment, show off their favorite QSL cards, show everyone their latest home-brew project. Yes, it will be fun.

Well, Ed Ansley, N6VRH is FINALLY! on packet. His C-64 is finally talking to his KAM TNC. You might say they have 'KISS'ed and made up. He can receive Amtor, RTTY and CW, however, he is still working on the

transmit side of it. It's all smiles for Ed.

Not much happening around this QTH except that my job with the marching band is keeping me very busy. I did have an opportunity to help out with communications on the Chico Lion's Club Run to benefit the boy scout camp at Butte Meadows. Dave, WA6GUO; Gary, N6YCM; and Lance, KC6FLB were amongst the volunteers that rode 'bicycle mobile'.

Don't forget to contact Bob McClard, WA6OWH and get signed up and paid up for the Christmas Dinner that will be held at Ruthy's on Dec. 12th. It's gonna be great. Also, bring an exchange gift (somewhere around \$8-10). Be creative!

I'll sign off for now, but don't forget to mark down Nov. 13th on your calendar because that is the date of the meeting at St. Isidore's School!

I'll see ya thar.

them whenever possible. Conventions of this sort easily deteriorate into buy-sell-swaps if not nurtured carefully. Swapmeets are fun too--I should know, I go to enough of them. But a convention offers some unique opportunities to broaden the scope of your amateur radio experience without a lot strain.

At this year's convention, you could have attended forums on FCC monitoring, the ARRL Official Observer program, several emergency preparedness sessions, a fantastic demonstration of ELF experimentation (LOWFERS), several antenna forums, and a youth in amateur radio symposium.

Except for W6AAQ, N6YLO and I were the only YSARC members to make it down there this year. We missed your company and hope to see you next year at this fine event, wherever it is held.

ps.. I didn't win anything this year again, but it was still fun.

Pacificon '90--ARRL Pacific Division Convention

The only thing wrong about this year's Pacificon was that it was in San Jose again. Several times during the various forums and programs, convention staff dropped broad hints that they would prefer to let Sacramento host the convention next year.

Original plans were for just that. I attended a meeting almost two years ago to help organize a 1990 convention in Sacramento, but there was not enough support at the right time and place.

These are important events for us, and we should support them by attending, and by helping organize

PRODUCT REVIEW--ALINCO DJ-160
HANDY-TALKY

Since I didn't win a major prize at Pacificon this year, and since the old ICOM 2AT scared me last week by not helping out in a classroom demo, I bought a new handheld radio.

Hand-held radios have come and gone a dozen times since the old one, an ICOM 2AT, first arrived ten years ago. That was, and is a real workhorse with basic features. The one I have is back on the air and will probably last another ten years. But now "we" have another one and Jo Anne can join in the fun on some of these public service events. Ha!
